STATEMENT #2 UNCLASSIFIED

SEE DISTRIBUTION

This document is subject to special export controls and each transmittal to foreign governments or foreign nationals may be made only with prior approval of

Office of the Chief of Staff for Force Development (ARMY), Pattern: FOR-OT-RD, Washington, D.C. 20310.

1. This index, prepared by Headquarters, United States Army Combat Developments Command, is designed to indicate where specific items of information may be found within Operational Reports - Lessons Learned and Combat After Action Reports previously reproduced and distributed. This index is updated and distributed periodically. It is a cumulative document, therefore each new publication supersedes the preceding edition, which should be destroyed.

2. A record copy of each listed report is available for reference at Operational Reports Branch, OACSFOR, Room 3B474, The Pentagon. Each document may be identified by its OACSFOR log number, which appears in this index

3. Operational Reports - Lessons Learned and Combat After Action Reports are being filed with the Defense Documentation Center (DDC). These reports may be obtained by members of the Defense and scientific communities registered with DDC. Reports presently filed with DDC can be identified by the DDC accession document (AD) number which appears in the right-hand column of this index. Addressees not presently registered with DDC may obtain information and registration applications from: Defense Documentation Center, Cameron Station, Alexandria, Virginia 22314 (Auto-von 22-47067 or Area Code 202 974-7067).

4. Future indexes will contain more complete listings of ACSFOR log numbers and DDC accession document numbers as they become available. Recommendations concerning the index distribution, format or additional subject title index entries are encouraged and should be forwarded to The Office of the Assistant Chief of Staff for Force Development, Headquarters, Department of the Army, Washington, D.C. 20310.
